

Job Management System

- Main Menu will Display when program is being ran. It gives the user 4 options.

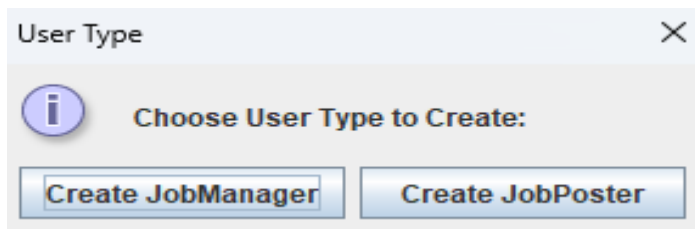

Option 1. Create User

- Main Menu will Display when program is being ran. It gives the user 4 options.

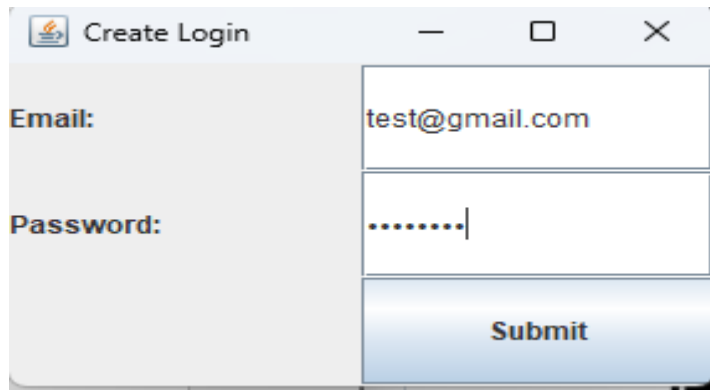

Option 1. Create User

- You have 2 choices to select from: Create Job Manager or Job Poster

Each option will prompt you to create Email and password information.

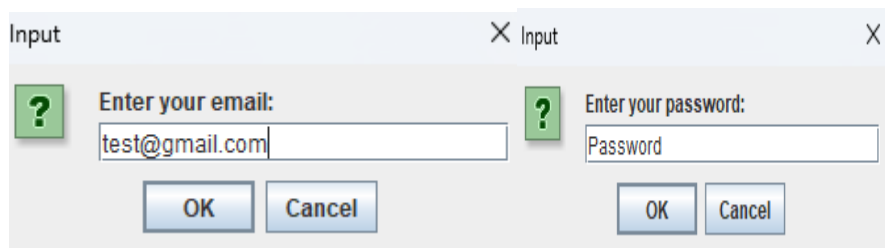

Once created, the program will return to the main menu.

A screenshot of a 'Create Login' window. It has a title bar with a small icon, the text 'Create Login', and standard window controls (minimize, maximize, close). The window is divided into two main sections. The first section is labeled 'Email:' and contains a text input field with the value 'test@gmail.com'. The second section is labeled 'Password:' and contains a text input field with masked characters '.....'. Below these fields is a blue button labeled 'Submit'.

Each option will prompt you to create Email and password information.

Once created, the program will return to the main menu.

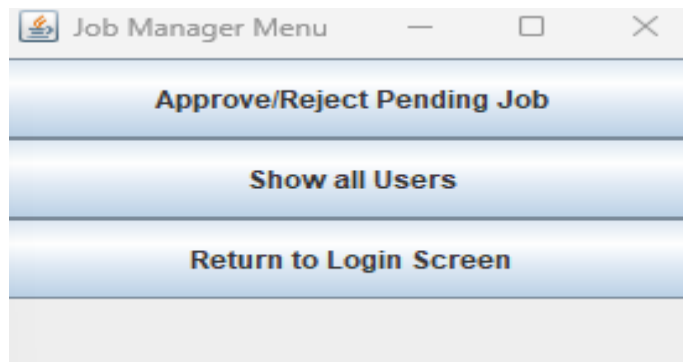

- Login Option

A screenshot of an 'Input' dialog box. It has a title bar with the text 'Input' and window controls. The dialog is split into two panes. The left pane has a green question mark icon, the label 'Enter your email:', a text input field containing 'test@gmail.com', and 'OK' and 'Cancel' buttons. The right pane has a green question mark icon, the label 'Enter your password:', a password input field containing 'Password', and 'OK' and 'Cancel' buttons.

- Enter Email
- Enter Password

- Job Manager Menu.

Manager will have 3 options

A screenshot of a 'Job Manager Menu' window. It has a title bar with a small icon, the text 'Job Manager Menu', and window controls. The window contains three large, blue, button-like elements stacked vertically. The first button is labeled 'Approve/Reject Pending Job', the second is labeled 'Show all Users', and the third is labeled 'Return to Login Screen'.

- Approve Reject Pending Job
- Show all Users
- Return to login
